TowerRAID TR8U+

8 Bay SATA to USB 3.0 JBOD Enclosure (Silver)

Overview

The **TowerRAID TR8U+** is an 8-bay storage enclosure for high capacity storage needs. With a built-in ventilating protective screen front panel, both units utilize a cable-less backplane-design to support up to eight hard drives. Connecting to the USB 3.0 slot for 5Gb/s performance, 8 hard drives can be accessed at the same time using a single USB 3.0 cable. Backwards compatible with USB 2.0, the TR8U+ provides expandable storage with ease. Hard drives are installed on easy access hard drive trays for simple insertion and removal. With support of the latest 4TB hard drives, the TR8U+ is capable of having a total of 32TB in a single tower. Hard drive cooling is provided by a large 4.7" cooling fan located on the back of the unit. Supported in PC, MAC and Linux, the TR8U+ is an ideal solution for your storage needs.

Features

- Supports eight 3.5-inch SATA hard drives to USB 3.0 interface, using a single USB 3.0 cable.
- Access 8 hard drives individually.
- 8 * Removable Hard drive trays for easy installation.
- Compact and stylish 8-bay tower design with protective ventilating cover.

Specifications

Model	TR8U+
Form Factor	Compact Tower
HDD Trays	8 Removable 3.5" SATA
RAID Level	JBOD
Maximum Capacity	32TB (4TB Per hard drives)
Host Interface & Transfer Rate	USB 3.0, backwards compatible to USB 2.0
Drive Interface	8 x 3.5" SATA
Cooling Fan	4.7" Ball Bearing Fan
Power Supply	300W (90V - 264V)
Control Interface	N/A
Status Indicators	Power LED
Dimension (in)	5.9"W x 13.4"H x 13.4"D
Weight (lb)	13 lb
Safety Regulations	CE, FCC, UL, RoHS
Limited Warranty	2 Years
Package Contents	TR8U+ (1) Hard Drive Trays (8) Power Cord (1) USB 3.0 Cable (1) Screws (1 set) Quick Installation Manual & CD (1)
